(Diesel)-854 cc  
20 mph top speed  
1,650-lb. payload capacity

\*Payload capacities for all Gator™ Utility Vehicles include 200-lb. operator and 200-lb. passenger and maximum box capacity.

**Any part, any place, any time.**  
Order parts up to 5 p.m. and they'll be waiting for you the next morning. Flash+ emergency order system runs 24 hours a day, 7 days a week.

**The Strength Behind The Numbers, The John Deere Difference**

**1 Full line. Full service.**

From tractors and mowers to skid steers and handheld portable power equipment, it's all here. Plus it's all backed by a nationwide network of servicing dealers with factory-trained technicians. You can rely on 24-hour, 7-day parts availability and next-day delivery.

**2 An easy partnership.**

We fully understand the dynamics of your procurement processes. We're familiar with strict bid deadlines, satisfying stringent safety requirements and building equipment that meets exacting specifications. We're with you every step of the way.

**3 Quality that means value.**

After 170 years of doing business, it's easy to see that we are committed to creating innovative, quality equipment that is built-to-last and safe to operate. Plus, every piece of machinery is easy-to-use and service. John Deere helps you get the job done.
